

# Recognizing the Multisystemic Aspects of Pompe Disease and the Potential of Gene Therapy: A Conversation

**Wednesday, February 07, 06:15 - 07:15 AM PST | Grand Hall CD**

## Faculty

**Benedikt Schoser, MD**

*Friedrich-Baur-Institute  
Ludwig-Maximilians-University of  
Munich, Munich, Germany*

**Roberto Giugliani, MD, PhD**

*Hospital de Clinicas  
de Porto Alegre (HCPA)  
Federal University of Rio Grande  
do Sul (UFRGS), Brazil*

## Agenda

TOPIC	FACULTY/PRESENTER
Welcome and introduction	Shannon K. Barrett, MS, CGC <i>Astellas Gene Therapies</i>
Disease overview and multisystemic manifestations of Pompe disease	Benedikt Schoser, MD <i>Friedrich-Baur-Institute, Ludwig-Maximilians-University of Munich, Munich, Germany</i>
Therapeutic approaches to Pompe disease including potential emerging therapies	Roberto Giugliani, MD, PhD <i>Hospital de Clinicas de Porto Alegre (HCPA); Federal University of Rio Grande do Sul (UFRGS), Brazil</i>
Expert panel discussion with faculty, followed by an open Q&A session	Moderated by Shannon K. Barrett, MS, CGC <i>Astellas Gene Therapies</i>

## Learning Objectives

- Understand the spectrum of disease manifestations in LOPD
- Recognize Pompe disease as a multisystem disorder, best managed by a multidisciplinary team
- Identify current practices and therapeutic approaches in Pompe disease including emerging and potential therapies

This Satellite Symposium is not part of the official *WORLDSymposium™* program, and *WORLDSymposium* does not approve or endorse any commercial products or services discussed during the Satellite Symposium or offered for sale by the corporate supporter of the Satellite Symposium. This Satellite Symposium is not approved for CE by *WORLDSymposium* or any other entity.

Eligibility: Registration for *WORLDSymposium 2024* and an official name badge are required to attend this satellite symposium.
