PINPOINTING ALPHA-MANNOSIDOSIS ON THE MAP:

*Insights from the Diagnostic
Odyssey of Patients*

JOIN US FOR THIS DYNAMIC DISCUSSION

This symposium will present an integrated discussion between four experts on the **challenges faced by patients with lysosomal storage disorders in achieving a diagnosis, with a focus on alpha-mannosidosis.**

The speakers will facilitate discussions on case studies of patients who have typical, atypical, and late-onset/delayed-diagnosis alpha-mannosidosis to highlight the spectrum of symptoms and provide key insights into preventing an unnecessarily long diagnostic odyssey. The speakers will also present on the multidisciplinary approach in the management of patients with alpha-mannosidosis. This session will conclude with an open Q&A.

Lunch will be provided.
